Objective

Detail-oriented Full Stack Developer with hands-on experience in building responsive web applications and mobile interfaces. Specializing in front-end technologies with growing expertise in back-end development. Passionate about creating intuitive user experiences while maintaining clean, efficient code. Seeking opportunities to leverage my skills in a challenging development role.

Education

Saveetha School of Engineering, Chennai

Sep 2022 - Present

Bachelor of Engineering in Computer Science and Engineering

CGPA: 8.3/10.0

Relevant Coursework: Data Structures and Algorithms, Database Management Systems, Web Technologies, Machine Learning

Experience

Web development Intern — Prodigy (Remote)

Oct 2024 - Nov 2024

-Developed responsive websites using HTML, CSS, and JavaScript, optimizing for performance, interactive features, and responsive web layouts.

Android app development Intern — Teachnook (Remote)

Jun 2024 - Aug 2024

- Developed five user-friendly mobile applications during the internship, enhancing coding skills and contributing to a maive increase in positive user feedback on app usability within three months of deployment.

Skills

- **Programming Languages:** HTML, CSS, Java Script, SQL, Mongo DB, Node js, Python, Java, C++, Data Structures and Algorithms
- **Technical Skills:** Responsive Web Design, UI/UX Design, Git, MERN Stack Development
- **Frame Works:** React js, Express js, Tailwind CSS

Major GitHub Projects

• • Responsive Full Stack Web Application

[Live-Demo](#), [GitHub Repository](#)

-Developed and designed a fully functional, responsive full-stack web application — Library Management System — using the MERN stack, following the modern Model-View-Controller (MVC) architecture.

• responsive website for our university department.

[Live-Demo](#), [GitHub Repository](#)

-Developed and designed a fully functional, responsive web-site for our university department using HTML, CSS, and JavaScript.

• A Tic-Tac game with basic styles and layout.

[Live-Demo](#), [GitHub Repository](#)

-Built a responsive Tic Tac Toe web application from scratch, incorporating dynamic gameplay with options to play against an AI opponent or in two-player mode using HTML, CSS, and JavaScript.

• Weather reporter

[Live-Demo](#), [GitHub Repository](#)

-Developed a weather reporting application with basic styles and layout using HTML, CSS, and JavaScript, integrating external APIs for real-time data.

Certifications

- Oracle Cloud Infrastructure 2024 Generative AI Certified Professional - [Certificate Link-in](#)
- Internship with Teachnook, focusing on Android app development - [Certificate Link-in](#)
- Participated in TechVision 2024 a tech event held at the Microsoft Office, Bengaluru, on 31st August 2024! - [Certificate Link-in](#)
- Google Analytics Certification - [Certificate Link-in](#)
- Achievement of completing a 1-month Web Development internship with outstanding remarks at Prodigy InfoTech - [Certificate Link-in](#)
- Letter of Recommendation Received from Prodi In-foTech - [Certificate Link-in](#)

Achievements

Best Poster Presentation Award — Tech Star Summit

April 2024

- Honored with the Best Poster Presentation Award for my research titled “Enhancing Accuracy in Predicting Malicious Web Applications” at the Tech Star Summit 2024. The event featured over 22,000 poster presentations from students, faculty, and research scholars worldwide, recognizing outstanding innovation and contribution in the field.- [Certificate Link-in](#)

Interests

- Web Development, Competitive Programming, Open-Source Contributions
- App Development, Full Stack Web Development,Data Analytics
